## SKILLS

|                              |                                                              |
|------------------------------|--------------------------------------------------------------|
| <b>Programming Languages</b> | C, java, Python, Data Structures                             |
| <b>Database</b>              | SQL, MongoDB.                                                |
| <b>Web Technology</b>        | HTML, CSS, JavaScript, React.js                              |
| <b>Soft Skills</b>           | Communication skills, Punctuality, Adaptability, Leadership. |

## PROJECTS

### Real Time Voice Translation

- Created a desktop program for translating spoken words in real-time using state of the art machine learning methods. The software enables users speaking different languages to converse with each other automatically translating speech to the other language and still delivering emotions and intonation. It is designed to be independent of the underlying operating system and works on Windows, Linux or Mac. Also, the program features an easy to use interface and consistently delivers correct translations in real-time for fluent communication.

### Dictionary React Application

- Designed a responsive dictionary mobile application based on React enabling users to get definitions, parts of speech, and other meanings of words. The app is simple, neat and easy to use for effective searching as well as browsing through pages. This is aimed at facilitating vocabulary acquisition through an active and friendly interface.

### Employee Attendance

- Elaborated on an attendance management information system and implemented it using SQL for the database design. The application allows users to track as well as save attendance of employees in a simple and effective manner. It was developed with reliability in mind and enhanced user friendliness such that it facilitates the monitoring of attendance for business purposes.

## EDUCATION

### Bachelor of Technology in Computer Science and Engineering

Rajeev Gandhi Memorial College of Engineering and Technology, Nandyal

Percentage: 80 2021-present

### Intermediate

Sri Chaitanya Junior College, Vijayawada

Percentage: 96.4 2019-2021

### Secondary School Certificate

Sri Chaitanya High School, Vempalli

Percentage: 100 2019

## CERTIFICATIONS

|                                                                                        |                           |
|----------------------------------------------------------------------------------------|---------------------------|
| Certified in SoftSkills by NPTEL.                                                      | July-October 2022         |
| Certified in C and Data Structures By BYTS.                                            | November 2022             |
| Certified in CODEQUEST 24 hours Hackthon.                                              | August 2022               |
| Certified in short-term internship on Aws Cloud Foundation.                            | April-June 2024           |
| Certified in long-term internship on Web Full Stack and AWS Cloud Foundation by AICTE. | October 2024-January 2025 |

## ACHIEVEMENTS

- Achieved First Prize in Technical Quiz conducted by CSE dept .
- Volunteer Appreciation for "CS- Engineers Day Celebration".
- Participated in "24 hours CODEQUEST Hackthon" by CSE-DS.

## HOBBIES

- Watch anime, Playing games, solving puzzles.

## STRENGTHS

- Leadership qualities, Hardworking, Self Motivating .

## DECLARATION

I, L. GIRI VARDHAN REDDY hereby Declare that all the above information is true to the best of my knowledge.
